

## KF 50/30 CH

### APPLICATION

**BUNDREX® KF 50/30 CH** is cold-drawn collated steel fiber with hooked ends for optimal anchorage.

It provides best solution for

- Sprayed concrete
- Precast

### PACKAGING

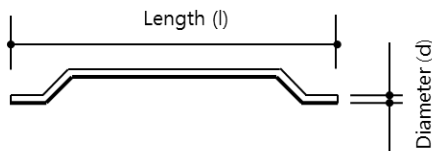

20 kg paper bag

1,000 kg HDPP bag

### GEOMETRY

#### Dimensions & Appearance

- Length (l) 30.0 mm
- Diameter (d) 0.60 mm
- Aspect Ratio (l/d) 50

#### Material Properties

- Tensile strength 1,200 MPa

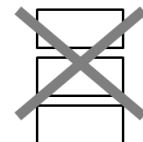

#### Stuffing (Standard Export Packing)

- 20kg paper bag x 50 units or 1,000kg HDPP bag on a pallet
- 20 Pallets in a 20 ft dry container

### STORAGE

Keep Dry

Do Not Stack

### CERTIFICATES
